

WALKERS AND RIDERS

Students who reside more than five miles from the school of assignment and who do not have access to the bus service furnished by the district, will be entitled to transportation (or board and room allowance) in accordance with state law.

Bus service may be provided to students who live within the five mile radius of their school if the board determines it is economically efficient, and is justifiable in terms of student safety.

The transportation of students with special needs will be in accordance with the specifications of their educational plans and will be arranged by the transportation supervisor in cooperation with the special services director.

Exceptions to the established areas may be made by the board for the following reasons:

1. Where, in the judgment of the board, walking conditions to the student's school are extremely hazardous.
2. Where because of overcrowding and the necessity to assign students to another building, the board deems transportation necessary.
