

## SITE ACQUISITION PROCEDURE

Priorities based upon student population, location, and educational needs will be established in order that proper locations for school sites might be acquired. When possible, sites will be acquired to meet future District facility needs and other preliminary work. Eminent domain action for the acquisition of property for school site purposes will be exercised only after negotiations fail and all other avenues to the solution have been exhausted.

To acquire a school site, the Board may exchange property with the state and any municipality or organized township or county within or partly within the boundaries of the school district under terms and conditions determined by the respective governing bodies.
