

# Crystal Quail College Scholarship

Crystal was a Watertown science teacher for 14 years. Her “can do”, “no problem” attitude was an inspiration to teachers, students, and athletes with whom she worked. Crystal led by example with her friendly smile and genuine interest and concern for others. She didn’t seek the limelight to be successful, yet she was successful in a broad range of endeavors. She recognized her responsibility to be involved with social and environmental issues.

Eligibility: Any Watertown High School senior going to a college in South Dakota or to an out-of-state school that has a reciprocity agreement with South Dakota. Preference will be given to students entering any science, engineering or technology field.

## Selection Criteria:

High School academic record (40%)

Family need (40%)

Extra curricular activities (20%)

The scholarship money (approximately \$1000) will be forthcoming upon notification of the Watertown Foundation from the college’s business office that the recipient has completed registration for the upcoming year.

Answer the following on a separate sheet of paper.

1. In a brief paragraph explain how one person can make a positive difference in society and your community.
2. Briefly explain your educational and career goals.\
3. Identify your hobbies, community activities, and extra curricular activities.
4. As financial need is an important criteria please identify important circumstances (additional family members in school, medical hardships, etc.) regarding your financial circumstances.

Submit completed application to Student Services no later than April 3.
